TAKING CONTROL OF ASTHMA IN INDIANA

Asthma Management Guidelines Update

▶ TUESDAY, OCTOBER 24, 2006

▶ Reid Hospital
1401 Chester Blvd., Richmond, Indiana

Reid Hospital
& Health Care Services

Indiana Joint
Asthma Coalition

Indiana State
Department of Health

Course Description

Intended for primary care providers, this course, jointly sponsored by Indiana University School of Medicine, Indiana Joint Asthma Coalition, and Indiana State Department of Health, will address the diagnosis and management of one of the most common chronic diseases in the United States. In fact, nearly 20 million people currently have asthma and 6.2 million of them are children.

Despite the availability of the National Asthma Education and Prevention Program's (NAEPP) *Guidelines for the Diagnosis and Management of Asthma* since 1991, asthma management both in Indiana and nationally has not shown consistent improvement. Implementing the guidelines can be problematic. A recent needs assessment of Indiana physicians, conducted by Indiana University School of Medicine, indicated that nearly 50% of physicians have difficulty implementing the guidelines in their practices.

The management of asthma focuses on controlling inflammation rather than on "rescue" treatment. Clinicians should determine the severity of disease and select an appropriate management strategy, which must include educating patients and/or their families in how to modify their therapy as needed for long term suppressive therapy.

Taking Control of Asthma in Indiana will address:

- Practical and productive ways to implement the NAEPP guidelines in daily medical practice;
- New advances in the diagnosis and treatment of asthma;
- A multi-disciplinary approach to the treatment of patients with asthma; and
- Methods for educating patients, parents, school personnel and other caregivers about asthma and the importance of following care plans.

Course Objectives

At the conclusion of this program, participants should be able to:

- Outline the significant features of the asthma management guidelines;
- Discuss adherence issues and methods to overcome difficulties;
- Describe new advances in the diagnosis and management of asthma; and
- Improve the patient's quality of life by helping the patient achieve and maintain control of symptoms.

Accreditation Statement

INDIANA UNIVERSITY
SCHOOL OF MEDICINE

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of Indiana University School of Medicine and Indiana State Department of Health. Indiana University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

TAKING CONTROL OF ASTHMA IN INDIANA

Designation Statement

Indiana University School of Medicine designates this educational activity for a maximum of 1.5 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Faculty Disclosure Statement

In accordance with the Accreditation Council for Continuing Medical Education (ACCME) Standards for Commercial Support, educational programs sponsored by Indiana University School of Medicine (IUSM) must demonstrate balance, independence, objectivity, and scientific rigor. All faculty, authors, editors, and planning committee members participating in an IUSM-sponsored activity are required to disclose any **relevant financial interest or other relationship** with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services that are discussed in an educational activity.

Note

While it offers CME credits, this activity is not intended to provide extensive training or certification in the field.

Nursing Contact Hours

1.5 contact hours will be awarded upon completion of this program. Attendance for the entire session and a completed evaluation form is necessary in order to receive continuing education credit. Participants will receive a certificate of completion.

The Continuing Nursing Education Program of Indiana State University is nationally accredited as a provider of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation.

Pharmacists Continuing Education

Butler University College of Pharmacy and Health Sciences is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. The UPN number for this program is 017-999-06-043-L04. Each participant must register for the conference, attend each program in its entirety, and complete an evaluation form to receive the credit. The total number of available CE contact hours is 1.5 hours or 0.15 CEUs. CE certificates will be mailed 4-6 weeks following the program.

Asthma Management Guidelines Update

Agenda for Tuesday, October 24, 2006

- 5:30 p.m. REGISTRATION AND DINNER
- 6:20 p.m. WELCOME AND INTRODUCTION
Paul Rider, M.D.
Director of Medical Education
Reid Hospital
Richmond, Indiana
- 6:30 p.m. *Taking Control of Asthma in Indiana – Management Guidelines*
Frederick Leickly, M.D.
Professor of Clinical Pediatrics
Indiana University School of Medicine
Indianapolis, Indiana
- 7:15 p.m. *Hot Topics in Asthma Management*
Frederick Leickly, M.D.
- 7:45 p.m. QUESTIONS AND ANSWERS
- 8:00 p.m. PROGRAM ADJOURNMENT

Location Information

The symposium will be held at Reid Hospital, 1401 Chester Blvd., Richmond, Indiana.
